

## 4.0 mil PET / Clear PE Lamination

Ideal for stand-up pouch applications, our 4.0 mil Lightning Lam film is designed to have a robust sealant layer for closures and perfect stiffness for gusseted pouches that stand on their own. Made from a polyester print surface and a polyethylene Coex sealant film, this film structure can be surface printed digitally or with analog technology and is compatible with most pouching equipment. Works well for windowed pouches. This film has no barrier properties.

### Key Benefits of StockPKG Lightning Lam - PET/ PE Film

- Raw Materials - PET/PE
- Clear
- Excellent for pouching.
- Faster processing speeds.
- Durable at seams for packaging fitments and closures. Will seal through contamination.
- Higher OTR and WVTR.
